To whom it may concern,

Twit & Sticks Enterprises employed Simon HUGUES and Lucile TEXIER as farmhands during the period between 20/03/18 – 13/04/18 at property "Yarrandoo" while they were on a working holiday in Australia.

Simon and Lucile undertook numerous farm duties and were involved in projects such as; spraying blackberries, operating tractors/pumps/motorbikes, general gardening, cattle work, calf marking, cleaning and household chores, and caring for/feeding animals.

Both Simon and Lucile were very keen to learn new skills and quickly took ownership of these tasks without any need for supervision. During their time at Yarrandoo they showed great initiative, attention to detail and a strong work ethic.

We would not hesitate in recommending Simon and Lucile and would welcome them back at anytime.

Sincerely,

Samuel Waller & Kristi Jenkin
